THE WORLD FROM AN ACTUARIAL EYE

A glimpse into the remarkable attractions of Dubai, the host city of this year's conference.

About the Event

The International Arab Actuarial Conference 2026 is a special international edition of the regional Arab Actuarial Conference, which is a professional platform for actuaries, actuarial firms and businesses and industries that depend on actuarial work such as insurance, finance, banking, healthcare, pension and risk management in Middle East and Africa.

Conducted in a different Arab capital every year, the highly attended event tackles emerging issues and future themes affecting actuarial work especially as it relates to the said sectors.

The 2026 edition of this conference will be hosted in Dubai, the global hub of the Middle East.

MenaMoney

We organise and own a number of specialised conferences and tradeshows for the government and financial sectors in the Middle East and Africa.

These are primarily in private pension funds, pension and social insurance organisations, financial literacy and savings, wealth management and Robo Advisor, health insurance, actuarial business and risk management industries.

We also provide professional event management services and logistical support for institutions and clients seeking help in organising their business and marketing events.
