The Financial Literacy Capital

12-14 May 2026 | Libya

Glimpses of stunning attractions in Libya, our host country for the conference

About the Event

The Arab Savings & Financial Literacy Conference is a regional professional platform that addresses financial literacy, financial education, financial inclusion, digital finance, and household savings across the Middle East & North African (MENA) countries.

Held in a different Arab capital every year, the primary purpose for this event is to create a vital debate and an information-sharing forum on the significance of financial literacy and long-term savings for household financial resilience. It is also aimed at increasing awareness on the need-to-save and the knowledge around savings products offered by the financial industry.

The event has attracted key players from regulators, regional banks, insurance companies, investment management firms, wealth managers, financial planners, investment advisers, Fintech firms, and financial economists.

MenaMoney

We organise and own a number specialised conferences and tradeshows for the government and financial sectors in the Middle East and Africa.

These are primarily in private pension fund, pension and social insurance organisations, financial literacy and savings, wealth management and Robo Advisor, health insurance, actuarial business and risk management industries.

We also provide professional event management services and logistical support for institutions and clients seeking help in organising their business and marketing events.
