

Evolution of the Actuarial Profession

Wassim TABBAH

ASA, ACIA, FCA, Cert. IFRI | Chief Actuary

July, 2025

Future of the actuarial profession

New Technology

AI

Automation

Machine learning

Blockchain

....

Humans and machines to work side by side

Transforming entire professions

Redefining jobs

Rapidly creating a new future of work

Changing Role

From traditional risk management to broader business strategy

Where to grow
and invest?

How to measure
business
performance?

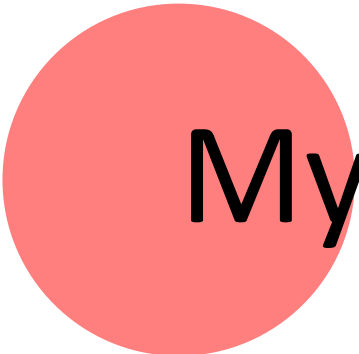

How to manage
risks?

New business role

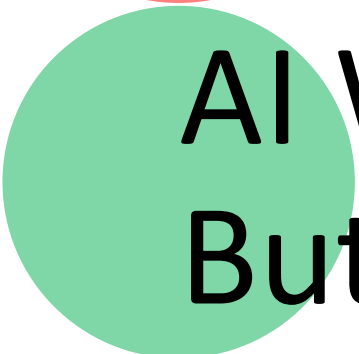

- ✓ New Technology
- ✓ Evolving global/ local regulatory requirement

New business role

Myth: AI will replace actuaries

AI Won't Replace Actuaries –
But Actuaries Who Use AI Will

Key drivers....

Regulator

Insurance Association

Actuarial Association

Mission and Vision of the Arab Actuarial League (AAL)

Who We Are

- A regional platform uniting actuaries from across the Arab world.
- Founded to strengthen the actuarial profession through collaboration and shared purpose.

Our Mission

- Promote actuarial excellence across Arab countries.

Our Vision

- A connected, empowered, and globally recognized actuarial community in the Arab region.

Our Key Roles and Impact

Encourage cooperation among actuarial associations to raise awareness about the importance of the actuary's role.

Support and strengthen the actuarial profession to serve the Arab insurance industry and help address the challenges facing the profession.

Facilitate knowledge and experience sharing through seminars, conferences, and workshops.

Encourage innovation, modernization, and research on relevant topics to meet the needs of the insurance sector.

Assist the General Arab Insurance Federation in conducting actuarial studies (mortality tables, catastrophe models, pricing, etc.).

Build a strong and broad professional network and a database of Arab actuarial experts, and help connect them with companies looking for such talents.

Conclusion

**Continued
Professional
Development**
